OBJECTIVE

Driven by a passion for mobile technology and entrepreneurship, I am eager to leverage my double degree in Information Systems and Entrepreneurship as an gain hands-on experience in the company/industry while contributing to digital transformation efforts. With 6 semester of experience designing and developing innovative mobile applications, I possess the technical expertise and creative problem-solving skills to contribute significantly to the growth and success of your organization. I am confident in my ability to translate cutting-edge ideas into impactful, user-centric applications that drive business objectives.
